UN Strategic Development Goal: 5 Gender Equality

Celebrating Women in Logistics & Transport

28th April, 2021 3pm-4pm

A Member of  MMC Group

In this webinar we speak to the Port of Tanjung Pelepas-PTP on gender equality in employing women in what is considered 'male dominated' roles at the port. We will learn how PTP has helped these women break the glass ceiling in positions such as Harbour Pilot, Supply Chain and Human Capital Management Personnel and also speak to these Women Heroes on the challenges they have faced and how they have overcome them.
