

# TRANSPORT SYSTEMS FOR A RESILIENT FUTURE

Applying COVID-19 response and recovery research

 **HIGH VOLUME  
TRANSPORT**  
APPLIED RESEARCH

  
**UKaid**  
from the British people

 **IMC** worldwide

Join us for our **third Research Knowledge Exchange** event, where we will explore the evidence base for how transport in low- and middle-income countries responded to the challenges of COVID-19.

Be part of **workshops on Gender, Disability, Urban Transport and Economic Resilience** with a view to how the evidence base helps recovery, and build resilience for the future.

Hear about the **results** from HVT's **20 COVID-19 Response & Recovery** research projects.

Learn more about our work at [transport-links.com](https://transport-links.com)

**WEDNESDAY, 1ST DECEMBER 2021**  
**1300 - 1600 GMT**
