

**To: The Trustees, Chartered Institute of Logistics and Transport**

I wish to declare to the Trustees that there are no reasons that I am aware of, from a personal or business position, that would preclude me from taking up the position of International President Elect as offered to me. Should any personal or business circumstances change in the future I will undertake to advise and discuss with the Trustees of any such changes that may put the position and the Institute at risk.

A handwritten signature in black ink, consisting of a series of loops and a long horizontal stroke extending to the right.
