Truly grateful to shuttle for taking this step to make us women feel safe and tension free. The trip manager Mitu apu and the driver bhaias are very sweet and friendly. Mitu apu has now somewhat became a sister to me! 😊 Hope shuttle can reach out to more woman of this country and make life a bit easier!

Best service at reasonable price . It's absolutely safe for girls.They are very punctual and come exactly on time..Two people of Shuttle(one male & another female) will be there to help you out other than the driver .

Highly recommend the shuttle service. The bus came on time. Both the driver and the trip manager were well-behaved, pleasant and cooperative. I know that I will be using their service in the future.
