MESSAGE FROM PRESIDENT

Assalamu'alaikum dan salam sejahtera kepada semua ahli The Chartered Institute of Logistics & Transport in Malaysia yang dihormati sekalian.

It gives me great pleasure in my first year in office to welcome you to our Annual General Meeting 2020, amidst the background of pandemics still hovering over us. On the positive side it might just be something like a market correction, forewarning us that its time to take stock of how we live our everyday lives in a healthy way.

Our continuing efforts at securing industry recognition is slowly but surely making its mark with strategic plans through partnership with the industry and its leaders through collaborations in various ways. Through the education stream, many more institutions has been coming to us for accreditations of their programmes or as our training providers. This bodes well towards greater membership and supply of much needed quality manpower for the industry.

The action plan is to make ourselves available to all sectors of the industry so that more will be aware of our role as keeper of professional standard amongst its members.

Our foray into skills development through Jabatan Pembangunan Kemahiran, of the Ministry of Human Resources will see us imparting our members professionalism and skills towards upskilling of our labour force. This will further enhance our credibility as a professional body towards nation building.

Being a professional body under the auspices of the Ministry of Transport, a positive response from the Ministry towards our incessant representations and seriousness in promoting our roles have been duly recorded and we hope that by year's end we should be getting membership from the Ministry's staff. With that we should seal a good year for our beloved Institute. In shaa Allah.

With all the good things coming for the future of CILT Malaysia, let us share a moment of sadness in mourning the passing of two long serving Trustees in Allahyarham Hj Musa Lebai Mat Salleh FCILT (29 Jun 2017) and Tan Sri Abdul Aziz Abdul Rahman FCILT (22 Jan 2020).

Stay Safe.

Thank you.

Ts Haji Ramli Amir FCILT
President of CILT Malaysia and
International Vice President for SEA Region

5.4 CURRICULUM REVIEW COMMITTEE (CRC)

The key industry players have been invited to participate in this review. Survey among the key stakeholders may need to be carried out if necessary.

Mapping

- i. To start off by comparing the CILT International curriculum as presented by Jon Harris and the curriculum currently in use by CILT Malaysia
- ii. The current curriculum needs to also be compared against the local universities and professional bodies like CIMA, ACCA etc
- iii. The committee should look at a combination of the 14 subjects on offer for PQE Logistics and Transport instead of the current PQE Logistics and PQE Transport.

Terms of Reference

The meeting agreed that the Reviewed Curriculum to take into consideration the following perspectives for benchmarking;

- i. CILT International
- ii. Local Universities
- iii. Other Professional Bodies

The CRC was set up to bridge gaps between the current curriculum conducted under CILTM and the framework of CILT International Curriculum. It was also aimed to enhance the content to match industry requirements and prepare the members to face challenges in the industry in line with the evolution of IR4.0.

A workshop was conducted on 15th March 2019 involving all CILTM training providers, industry players – land, rails, aerospace-, the relevant authorities and CILTM Chartered Fellows. The workshop is aimed at bringing CILTM stakeholders together to share their views on the current state of Curriculum Modules forming the Professional Qualifying Examination (PQE) programs – PQE Logistics and PQE Transport – as well as the embedded modules under the accreditation programs.

The views and input will then be gelled to come up with enhanced curriculum in moving forward. The Final Report has been endorsed by the Management Council and a copy of the Report has successfully forwarded to CILT International Education team via Mr Jon Harris.

	Item	Action
1.0	<p>Membership: While CILT Malaysia has a healthy level of members, there has been no significant growth in the past couple of years. CILT Malaysia is currently reviewing both retention strategies as well as renewed recruitment efforts, possibly adopting some of the ideas developed by CILT Sri Lanka. Also, there is scope for more Fellows in Malaysia given current levels of 66 out of a total of 2385 by the end of 2018. Both appointment by seniority from CMILT levels and from strategic appointments of key people in industry and government. Corporate memberships are good with potential to increase even further.</p>	
2.0	<p>Education: CILT Malaysia has a very strong education programme with multiple offerings and more than 25 training providers, which are expected to increase to 29 by the end of 2019. The Curriculum Review for the PQE programme is being done and the CRC elected by CILTM.</p>	
3.0	<p>YP and Wilat: Both well represented and very active. No actions noted.</p>	
4.0	<p>Process: The planned ISO 9001:2015 certification process has been successfully completed and yet another milestone reached in CILT Malaysia's strategic plan. Well done.</p>	
5.0	<p>Government Influence: CILT Malaysia has established itself as an important policy influencer as well as being the go-to expert organisation in matters of Transport and Logistics. Also, the education offerings are all government recognised.</p>

INTRODUCTION

Transport and logistics are key enablers for the world's economic development and prosperity. They dictate how you get to your destination, how you get your products, how you meet your customer order, how you do your business.

The Chartered Institute of Logistics and Transport (CILT) support the professionals who plan the roads, drive the trucks, bring in the raw materials, and store the goods

safely. We are the leading international voice for supply chain, logistics and transport.

WHAT WE DO

We create the right program and set the right goals. We are seen as the leading professional body globally by those both within and outside our profession.

OUR PLANS

We are creating a strong model for growth based on regional development. We are adding new country branches and identifying key markets for expansion

OUR SERVICES FOR OUR MEMBERS

We are passionate about our education and membership services. We strive to strengthen and improve them. We share best practice and learnings throughout our global family and encourage participation and advancement at all levels.

OUR PEOPLE

We aim to give robust and positive leadership of the Institute. We have created a talented team to further develop our organisation.

WHAT YOU SEE

These principles drive our behaviours:

- **Embracing Global Leadership**
We think and act as global leaders of our profession and our industry.
- **Demonstrating Professionalism**
We set high standards in the logistics and transport arena and we adhere to them.
- **Encouraging Diversity**
We actively seek engagement from all in our industry whatever their skills, age, gender or nationality.
- **Being Passionate**
Our vibrant energy and progressive attitude are key in our drive for growth.
- **Becoming a Family**
We are “Stronger Together” as a membership body and as a leader in our industry. We act like a global family.

This is what **CILT** is all about

Introduction

With the outbreak of pandemic Covid 19 worldwide and introduction of Movement Control Order (MCO) in Malaysia since 18th March 2020, no major activities were held for the year 2020 till 30th June except for online discussions.

Activities:

a. Enrolment of NMIT Students as Student Affiliate Member of CILTM.

An initiative to enhance students' membership enrolment to Student Affiliate Member which will finally led to accomplishing an MILT status upon completion of their diplomas at the Netherlands Maritime Institute of Technology (NMIT).

Currently, NMIT has been accredited by the Chartered Institute of Logistics & Transport Malaysia as a 'Training Provider' for the three (3) programmes namely: Diploma in Port Management, Diploma in Maritime Transport Management and Diploma in Shipping Management.

An effort has been initiated to register the current NMIT students (numbering approximately 260) as affiliates and upon graduation shall be upgraded to Member grade (MILT). Hoping they will join in for this year CILTM Convocation.

b. CILTM Promotion.

The Chairman of Johor Section has had discussion with new Chairman of MARA Liner, on the possibilities of CILT Corporate Membership as well as training and retraining for its staff.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF THE CHARTERED INSTITUTE OF LOGISTICS AND TRANSPORT IN MALAYSIA

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of The Chartered Institute of Logistics and Transport in Malaysia, which comprise the statements of financial position as at 31 December 2019 of the Group and of the Institute, and statements of income and expenditure, and statements of cash flows of the Group and of the Institute for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages **62 to 85**

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Institute as at 31 December 2019, and of their financial performance and cash flows for the year then ended in accordance with the Malaysian Private Entities Reporting Standard (MPERS).

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Group and of the Institute in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* ("IESBA Code") and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Responsibilities of the Institute's Council for the Financial Statements

The Institute's Council is responsible for the preparation of financial statements of the Group and of the Institute that give a true and fair view in accordance with Malaysian Private Entities Reporting Standard. The Institute's Council is also responsible for such internal controls as the Council determine are necessary to enable the preparation of financial statements of the Group and of the Institute that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Institute, the Institute's Council is responsible for assessing the Group's and the Institute's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Institute's Council either intends to liquidate the Group or the Institute or to cease operations, or have no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Institute as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also :

- Identify and assess the risks of material misstatement of the financial statements of the Group and of the Institute, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and of the Institute's internal controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Institute's Council.

- Conclude on the appropriateness of the Council's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's or the Institute's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Institute or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Institute to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the financial statements of the Group and of the Institute, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Institute's Council regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

Other Matters

This report is made solely to the members of the Institute, as a body. We do not assume responsibility to any other person for the contents of this report.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2019**

1. PRINCIPAL ACTIVITIES

The Institute is principally involved in promoting knowledge of the science and art of transport, providing a source of authoritative views for communication to government, industry and the community and conducting activities such as examinations, seminars, conferences and annual dinners for members. There have been no significant changes in the nature of these activities during the financial year. The subsidiary company, CILT Ventures Malaysia Sdn. Bhd. has not commenced operations.

2. BASIS OF PREPARATION

(a) Statement of Compliance

The financial statements of the Group and of the Institute have been prepared in compliance with Malaysian Private Entities Reporting Standard ("MPERS").

(b) Accounting Convention

The financial statements of the Group and of the Institute have been prepared under the historical cost convention unless otherwise stated in the significant accounting policies set out in Note 3 below.

(c) Functional and Presentation Currency

These financial statements are presented in Ringgit Malaysia ("RM"), which is the Institute's functional currency.

(d) Use of Estimates and Judgements

The preparation of the financial statements in conformity with MPERS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

3. SIGNIFICANT ACCOUNTING POLICIES

(a) Property, plant and equipment

Property, plant and equipment are initially stated at cost and subsequently, at cost less accumulated depreciation and accumulated impairment losses.

(b) Depreciation

Depreciation is provided using the straight-line method over the estimated useful lives of the assets at the following rates :-

Furniture and fittings	40%
Office equipment	40%
Computers	40%
Library books	20%
Cokmar/Mace	20%

(c) Subsidiary company

Subsidiary company is a company in which the Institute has the power to exercise control over the financial and operating policies so as to obtain benefits from their activities.

Investment in subsidiary company is stated at cost less impairment losses, if any.

(d) Basis of Consolidation

The consolidated financial statements include the financial statements of the Institute and its subsidiary made up to the end of the financial year. The subsidiary is consolidated on the acquisition method of accounting. Inter-company transactions are eliminated on consolidation and the consolidated accounts reflect external transactions only.

(e) Inventories

Inventories are valued at the lower of cost and net realisable value determined on the first-in, first-out basis.

(f) Financial instruments

A financial instrument is a contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Initial recognition and measurement

A financial asset or a financial liability (including derivative instruments) is recognised only when the Group and the Institute become a party to the contractual provisions of the instrument.

On initial recognition, a financial asset or a financial liability is measured at the transaction price, including transaction costs. For a financial asset or a financial liability that is subsequently measured at fair value through profit or loss, transaction costs are expensed to profit or loss when incurred.

An arrangement constitutes a financing transaction, if payment is deferred beyond normal business terms. Under a financing transaction, a financial asset or a financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument as determined at initial recognition.

(ii) Subsequent measurement

Debt instruments are measured at amortised cost using the effective interest method. Debt instruments that are classified as current assets or current liabilities are measured at the undiscounted amount of the cash or other consideration expected to be paid or received, unless the arrangement constitutes, in effect, a financing transaction.

Investment in non-convertible preference shares and non-puttable ordinary or preference shares, that are publicly traded or their fair value can otherwise be measured reliably without undue cost or effort, are measured at fair value with changes in fair value recognised in profit or loss. All other such investments are measured at cost less impairment.

All financial assets are subject to review for impairment, except for financial assets measured at fair value through profit or loss.

(iii) Impairment

At the end of each reporting period, financial assets that are measured at cost or amortised cost are assessed as to whether there is objective evidence of impairment. If there is objective evidence of impairment, an impairment loss is recognised in profit or loss immediately.

For a financial asset measured at amortised cost, the impairment loss is the difference between the asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. If such a financial asset has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

For a financial asset measured at cost less impairment, the impairment loss is the difference between the asset's carrying amount and the best estimate of the amount that would be received for the asset if it were to be sold at the reporting date.

If, in a subsequent period, the amount of an impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed in profit or loss.

(iv) Derecognition

A financial asset is derecognised only when (i) the contractual rights to receive the cash flows from the financial asset expire or are settled; or (ii) the entity transfers to another party substantially all of the risks and rewards of ownership of the financial asset, including circumstances when the entity acts only as a collecting agent of the transferee, and retains no significant risks and rewards of ownership of the financial asset or no continuing involvement in the control of the financial asset transferred.

A financial liability is derecognised only when it is extinguished, i.e. when the obligation specified in the contract is discharged, is cancelled or expired. A substantial modification of the terms of an existing financial liability is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability.

(g) Provisions

Provisions are made when the Group and the Institute have a present legal or constructive obligation as a result of past events, when it is probable that an outflow of resources will be required to settle the obligation, and when a reliable estimate of the amount can be made.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the reporting date, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

(h) Taxation

Current taxation is the expected amount of income taxes payable in respect of the taxable profit for the financial year. It is calculated using the tax rates that have been enacted at the reporting date.

(i) Statement of Cash Flows

The Institute adopts the indirect method in the preparation of the statement of cash flows.

Cash equivalents are short-term, highly liquid investments with maturities of three months or less from the date of acquisition and are readily convertible to cash with insignificant risk of changes in value.

(j) Revenue recognition

All income including surplus from other activities is recognised on the accrual basis unless probability of collection is remote.

(k) Employee benefits

Wages, salaries and bonuses are recognised as expenses in the financial year in which the associated services are rendered by employees. Short-term accumulating compensated absences such as paid annual leave are recognised when services are rendered by employees that increase their entitlement to future compensated absences, if any and short-term non-accumulating compensated absences such as sick leave are recognised when absences occur.

Contributions to defined contribution plan such as the Employees Provident Fund are recognised as expenses in the statement of income and expenditure as they are incurred.

4. SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS

In the opinion of the Institute's Council, there are no significant areas of estimation uncertainties and critical judgements in applying the significant accounting policies of the Institute.
